

## ONE DREDGE HERE ANOTHER NEEDED FOR WORK ON ROAD

Wilson Bros., Contractors,  
Establish Camp-Office  
At Belle Glade

LEASE A DRILL BARGE  
FROM BRYAN-HOLLOWAY

Reconstruction of Pahokee  
Road Awaits Chalmers  
For Muck Work

An American Steel floating  
dredge with a one-yard dipper  
to be the main equipment used in  
rebuilding the Belle Glade-Pahokee  
road and converting it into a  
highway but the exact time when  
construction will start is uncertain.

The dredge was brought into  
Hillsboro canal two weeks ago and  
was moored near the bridge at  
Belle Glade, where it was  
hailed and where it is being  
rigged up and the Bryan & Holloway  
dredge has been leased and is  
being outfitted but a clamshell  
dredge is yet to be obtained to  
dig the muck out of the rock  
borrow ditches.

Contract for rebuilding Belle  
Glade-Pahokee road was held by  
J. Grove & Son of Minneapolis,  
Minn., and Orlando who have em-  
ployed Wilson Brothers on the job.  
The superintendent on the job  
is H. W. Amundson, originally of  
Montevideo, Minn., who has lived  
in Florida for six years. The  
contract for the dredge was  
awarded to the Bryan & Holloway  
company on May road  
\$25,000 week, will be the first  
dredge to be used on the job.

The contractor has opened a  
camp in the old school building  
near the Belle Glade bridge. The  
superintendent Amundson has his  
office and where there is a dining  
room.

Negotiations for the lease of a  
clamshell dredge are expected to  
be concluded this week and when  
an outfit of that character has  
been obtained the work will start.  
The clamshell to be followed by  
the drill barge and by the American  
Steel which will excavate material  
for the road.

## PRE-COOLING PLANT IN BROWARD COUNTY Funds Sought For Expense of Trip To Washington To Ask For It

On request of a representative  
of organized labor in Broward  
county, the county commissioners  
last week appropriated \$300 to  
help pay expenses of a representative  
of the Associated Growers of  
Florida, to go to Washington and  
work for the establishment of a  
pre-cooling plant in Broward  
county. Contributions are also being  
asked of Hollywood and Fort  
Lauderdale.

The above information is ob-  
tained from a report to the Miami  
Herald. The Associated Growers  
of Florida is the organization of  
which W. H. Marshall of Fort  
Lauderdale is president. Mr. Marshall  
has been making several meetings in  
the upper Glades to get members.  
It is now clear to persons here  
who are in touch with the project  
that it should be necessary for  
contributions to be sought for  
trips to Washington. "Opinion is  
rather well settled that the Ever-  
glades that Senators Fletcher and  
Trammell and Congressman Ruth  
Bryan drew look after all the  
business, and if the mission of the  
representative of the Associated  
Growers is private business it is  
not clear why public funds should  
be sought for his trip to Washington.

Herman Gold, proprietor of the  
Pahokee Clothing Company, was  
sick in New York by the illness  
of his brother.

## THE STOCKHOLDERS

The Okeechobee county grand  
jury has recommended that suit  
be brought against stockholders of  
the Peoples Bank which failed in  
June.

## Flood Control Project Menaced By Lobbyist of Big Land Company

Gives Owners of Land in Upper Glades Reason  
To Watch Consolidated Land  
Company Attaches

One-half of the 1,500,000 acres in the Kissimmee  
valley is owned by the Consolidated Land  
Company, and the Consolidated Land Company has  
employed a certain Groverman Dawe to get  
figures and make an argument for preemption to  
this committee of congress as may deal with legisla-  
tion on flood control and navigation on Lake  
Okeechobee and stream connected with the lake.  
The Stuart Daily News is authority for the state-  
ments made in the preceding paragraph.

Groverman Dawe was the author of a so-called  
"Florida Industrial Survey" in which the Brown-  
Crummer bills were based and which attempted to  
take the gasoline taxes from some counties and use  
the money for the reclamation of road bonds issued  
in other counties. The Supreme Court held that  
this was the law invalid.

During the session of the Legislature an effort  
was made to learn who paid Groverman Dawe for  
his "Industrial Survey" but the identity of  
the person who paid him was not disclosed. It appears  
now that money for that work was put up by the Con-  
solidated Land Company. The legitimacy of the  
bill, in merely a handy man and back for the land  
company.

An associate of this Groverman Dawe was a certain  
Forrest H. Johnson of Tallahassee, who by a  
process which has not been published became  
executive secretary of the Florida Flood Control  
Association, which supported itself by getting con-  
tributions of public funds. The legitimacy of the  
bill, in merely a handy man and back for the land  
company.

The president of the Florida Flood Control As-  
sociation, F. W. Williamson of Cleveland, and the  
Stuart Daily News is authority for the statement  
that Mr. Williamson and Mr. Johnson took part in  
a conference which led to Groverman Dawe being  
"drawn into the picture by officials of the Consoli-  
dated Land Company which owns 740,000 acres of  
the total 1,500,000 acres in the Kissimmee valley."

The Everglades News confesses very frankly that  
it is suspicious of this layout, and it advises that  
the Consolidated Land Company should keep their eyes on  
the lake and present employees and agents of  
the lake and the Everglades News should keep their  
picture by the officials of the Consolidated Land  
Company and the Everglades News should keep their  
costs of a good deal more work than they get be-  
cause of this.

There is a good deal of evidence to support this  
suspicion.

The Consolidated Land Company has as its president  
Walter F. Coachman. This Walter F. Coachman  
has a residence at Lake Park, Fla., from  
which he has been making many trips to the  
lake and the Everglades News should keep their  
eyes on the lake and present employees and agents of  
the lake and the Everglades News should keep their  
picture by the officials of the Consolidated Land  
Company and the Everglades News should keep their  
costs of a good deal more work than they get be-  
cause of this.

The case grew in the Cleveland  
district may be high in sugar  
but in size it is inferior to the  
case grown in the Canal Point  
district, however, if the cane are  
mixed in milling as average pro-  
duction is maintained.

Opinion that the Cleveland mill  
is not being operated to capacity  
is based on the observation Friday  
that the 320-pound bags of sugar  
were not going from the  
sacking machine at a rate the  
mill is designed to deliver.

Two cane-harvesting machines  
were running the latter part of  
last week. The 320-pound bags  
of sugar were not going from the  
sacking machine at a rate the  
mill is designed to deliver. In  
front of caterpillar tractors, the  
cane is carried into a frame and  
the stalks when cut fall on a belt  
and are carried into a frame and  
the body of the harvester and are  
stripped of their leaves, the leaves  
being blown off while the trimmed  
stalk is carried through to  
be delivered to a  
trailer.

## SOMETIMES IT HAPPENS ALL IN A BUNCH

A 9:30 o'clock Sunday morning  
neither the Palm Beach Post, the  
Miami Herald or the Miami News  
had reached Canal Point. Usually  
all of these east coast daily papers  
are at the newsstands by 7 o'clock.

But Sunday they were late, all  
of them.

This is how: The Miami Herald  
truck was three hours late in  
reaching West Palm Beach, the  
Miami News carrier confessed by  
overlooking, and Ed Kettner's Palm  
Beach Post truck had a puncture.

The Everglades News, still on  
its way to the east, either.

## ROTARIANS LEARN HOW AGRICULTURE IS SCHOOL STUDY

Pahokee Club Members Hear  
Address By Teacher  
of Vocation

FARMING RECOGNIZED  
COMMUNITY INDUSTRY

Prof. Speer Tells of General  
Plan and Method of Lo-  
cal Application

AGRICULTURE being the dominant  
industry of the region, the  
subject of much of the plans of  
the Pahokee Rotary Club for com-  
munity advancement, and it was  
in this line that the program of the  
club that Professor H. L. Speer  
of the University of Florida, who  
is in the program of the club that  
Professor H. L. Speer is chair-  
man of the club's program, was  
discussed by the club members at  
the present time in the club room.

## Get Tangerine Trees Free From Kraemer

Anyone who wants a few tangerine  
trees can get them free from  
Carl Wolf on Kraemer island.  
Arthur Wolf of Indianapolis,  
Ind., who owns the land and who  
on Kraemer formerly owned by  
James G. Turner, has 400 tangerine  
trees that he wants to replace  
with orange trees, hence the offer  
to permit the removal of the  
citrus trees. There are 400 of the  
tangerines and they are six years  
old.

Persons who want trees will  
have to arrange their own trans-  
portation to and from the island  
and they will have to pay for  
the removal of the trees. They  
need not take any tools, as Mr.  
Wolf will furnish these. A  
payment may have to be made for  
any labor that is employed in tak-  
ing the trees up and getting them  
to the boat landing.

## Unanimous Action on Water Works Bonds By Belle Glade Voters

Council Authorized To Issue \$30,000 Bonds  
and Contract For Installation of Plant;  
Merchants Resume Business

Unanimous vote was cast by freeholders of the  
town of Belle Glade Wednesday in favor of installa-  
tion of water works and bonds for \$30,000 and  
against a municipal electric light plant. The vote  
was:

For water works \$3, against 0.  
For municipal electric plant 0, against 32.  
For \$30,000 bonds for water works 33, against 0.  
The Belle Glade council met Wednesday night  
and canvassed the returns of the election, and as  
a result of the election the council was authorized  
to issue \$30,000 bonds for water works and to  
contract for the installation of the water works  
plant.

The council was authorized to issue \$30,000 bonds  
for water works and to contract for the installation  
of the water works plant. The council was authorized  
to issue \$30,000 bonds for water works and to  
contract for the installation of the water works  
plant.

plant.

The council was authorized to issue \$3

## Count Luckner

The SEA DEVIL  
by LOWELL THOMAS

Suddenly, there came an ominous scraping sound. The Scudder uttered, and our blood fairly froze. We had graced a submerged "out" of ice. In such a sea, there would have been no chance to launch lifeboats. Although we had not stored in our hull, nevertheless, the ship had sprung a leak. No matter who was captain. Everybody to the

pumps. I took my place with the others in the hold, and we all fought to keep the water in check. The brush with the ice was a warning. We were a bit more to the north, and with a warning, working madly, passed the berg. The wind veered to the waves struck us hard, but we kept on, losing our way to the Pacific and pumping.

"Crater alert," I shouted.

I saw through the storm a twenty-three thousand ton auxiliary cruiser. I believe it was the strait, a converted passenger liner, fast and well armed, capable of blowing us out of the water before our little gun could throw a shell halfway to her.

"Third alert," I shouted.

The ship shook as the helm was forced over, and the wind nearly turned us bottom side up. Storm or no storm, we were all dead men if that cruiser ever caught us.

"Set all sails," I shouted.

We must risk it and run with our canvas before the hurricane, and perhaps, somehow, we have

not here. In the shelter of the storm, we might be lucky enough to evade the cruiser.

Only men who have been to sea in a small boat can imagine what it is to set sail in a hurricane. The canvas whipped as though a devil had taken hold of it. The first blast made the force of the wind as it blasted against the sails. The ship and its rigging creaked and groaned as though crying out against the sudden strain.

With the combined force of the gale and our own cannon, we could go, and we could go, suddenly, a floating ring, like a gun, a potential squall if those ever was one. It was like a pit of heaven. It blot out us and the entire crew.

"It is the hand of God," I shouted.

"Our four last straits," I shouted.

Under cover of the squall, we got away from there as fast as we could go, and after a few hours we felt certain we had given our pursuer the slip. In reality, we had not been pursued at all. The cruiser had been seen and our belief had been shattered then and there. We learned this from later reports. The foolish thing now would have been for us to have lapped the pursuer in the fog in that strait, and then, in reality, we had not been pursued at all. The cruiser had been seen and our belief had been shattered then and there. We learned this from later reports. The foolish thing now would have been for us to have lapped the pursuer in the fog in that strait, and then, in reality, we had not been pursued at all.

After a suitable interval he sent out another call. This one merely repeated German radio messages of the coast of Chile.

But I should state so again. And did those ships that were at sea and not yet met each other? Well, you can bet your boots they did. And we sent out other submarine messages every so often just to keep our little jobs.

These were all small things, but we had seen to it that we were not out of the doing it. What more could you expect of a lone vessel in a storm? But there, it's these injuries all added together that were on our minds on this day. It was good sport for us as sailors.

Our course was northward, with the Chilean coast and the Andes in sight. We steamed along to the Galapagos Islands, and at midnight on the 12th, we sighted the coast of Peru. We turned our sails to the wind, and we sailed for weeks on the land, and the Pacific without sighting a ship. Except for the occasional crackle of the wireless, we were alone in the world.

Our wireless antenna kept us in the latest phase of the international situation. Not a day passed but the fact that the United States was doing better than some of our people at home the tremendous power of the great republic of the West. There were clerical stations, and commercial ships, and as they passed along the American coast, military preparations, the impossibility of American troops being mustered and authentically trained in time to be of any service in the critical hour of the war. We were not alone in the world. We had been in the United States and had seen the American flag. All the time technical points, we had had opportunity to sense the might of the North American continent with its numerous and virile population and its invulnerable and powerful strength behind it, even an attack, poorly armed, was enough to push anyone over.

We carried one radio dispatch that came to us at one time, and it was the only one. It told of the famous Zimmerman note. What madness had dictated that extraordinary state paper, which seemed to Mexico that she was to be a part of the United States and that the German Empire was to be a part of the United States. It seemed to Mexico that she was to be a part of the United States and that the German Empire was to be a part of the United States. It seemed to Mexico that she was to be a part of the United States and that the German Empire was to be a part of the United States.

### Sanders Manager of New Bulk Station

The Orange State Oil Company bulk and filling station at Pahokee, now most complete, will be operated by R. W. Sanders, originally from Dushan, Ala., and for four years an employee of the company at Miami. Pan-Am gas is distributed by the Orange State company.

Mr. Sanders had the choice of several stations on the east coast but he chose the Pahokee location and arranged the completion of the plant here in the belief that this had the best future.

He is a brother of the proprietor of Sanders' grocery in Pahokee and has other relatives here. While on the road he was in the second half of the game. On next Friday he took off a pen camp last month and is now planning back.

### METHODIST CHURCH, SOUTH PAHOKEE

10 a. m. Sunday school, O. B. McClure superintendent.

11 a. m. Preaching service begins with song service and lay speakers, J. B. McQuinn of Stuart will be the morning program.

11:40 Preaching.

3:30 p. m. Junior Epworth League, Mrs. J. Schroder, president. Junior League holds one hour.

7 p. m. Senior Epworth League, R. J. Schroder, president.

8:20 Preaching for 20 minutes.

7:30 Program by the Junior Epworth League.

8:20 Preaching for 20 minutes.

We invite all to come. You will find something of interest in these services, and help others to find an interest.

The officials and others interested will meet Sunday afternoon, the hour of meeting to be announced at the Sunday morning service, to plan the building of the parsonage on the lake front church lot. Let every one interested take notice.

JESSE J. JONES, Pastor.

BETTY JANE REED

The body of Betty Jane Reed, two-year-old daughter of Mr. and Mrs. Jasper W. Reed of Homestead, who died Sunday en route to a hospital from injuries suffered in an automobile accident Thursday at Pahokee, was sent by the undertaking company to Homestead for burial. The child and her mother were visiting at Pahokee at the time of the accident.

## PAHOKEE SCHOOL

Due to the illness of several of the characters in the play which the high school students were to present Friday, Feb. 21, the date has been postponed until later. The exact date and cast of characters will be announced next week.

### ATHLETIC NEWS

Leon Spooner

Friday night, both the boys' and girls' teams of Pompano played the Pahokee teams here in the gymnasium. The girls won by a score of 17 to 4 but the Pahokee boys lost to Pompano, 10 to 8.

The girls' game was more interesting than the boys' in that the boys of Pahokee did not play according to form in the first half. The second half of both games were better than the first, only 4 points were scored by the girls during the entire half, 2 by each side. Imogene Sanders and Park Wray played well as forwards, while the work of Marjorie Cochran and Ina Mock was noticeably good.

In the boys' game, a number of substitutions were made and many of the boys took part in the game. The pass work of Louis Gold was especially noted, although all the boys played well in the second half of the game. On next Friday next Friday, February 14, the boys will play the sugar mill and the girls will play West Palm Beach. Since there will be only a few more games this season, we hope to have a large crowd of spectators at the games.

SUNSET ON LAKE OKEECHOBEE

DeLone Parker, 8th grade

It was I walking along the road the other day in the most beautiful sunset I have seen for years. The sun was big and full of color, the golden streaks in it were like the strings in a spider's web, the silver was like the gray web of a spider. The sun looked down on me. The sun looked as if all the artists of nature had put their talents in this one sunset, and all the other helpers of nature had done their bit. The lake was like a big mirror, reflecting with all its might to make the world more beautiful.

SOCIAL NEWS

Bob Strawn was absent from school several days last week on account of illness.

Urbica Jones and Park Wilder went to Homestead Tuesday.

An entertainment was given Wednesday afternoon in the high school auditorium. It was a motion picture entitled "California's Visual Educators." It was under the direction of C. H. Byrne.

Miss Hope Parkwick was a visitor of Marjorie Cochran and Cebe Jones this week end.

Grace Hawkins was absent from school Monday because of illness. Cebe Jones, Lewis Friend and Joe Pasco Parker spent Sunday in Pompano visiting friends.

Joe Pasco Parker and Otis Vinson were absent from school Wednesday because of illness.

Were of beautiful shades, by Junia Spooner.

We could see in our mind. How the curtains would shine.

By Thelma Chaney.

The following people have contributed to the tennis court fund:

John Hawkins 25c, Lavinia Reaves 25c, Douglas Thelwell 50c, Alice Padgett 50c, Doss Tabb 52 1/2c, Lois Pauls 50c, Frances Howell 25c, Marjorie 75c, Victor Hatch 25c, Dorothy June York 50c, Garland Chaney 50c, Jerry Gold 50c.

CHURCH NOTICE

Baptist Church of Pahokee Services on Lord's Day.

Sunday school at 10 a. m. and preaching at 11 a. m.

Service at South Bay at 3 p. m. by the pastor. He will be glad to have as many go from Pahokee as can find it convenient.

Preaching at 7 p. m. A special sermon on Jonah and the whale. His tail is ever so long. And he is a very friendly fellow.

By Junia Spooner.

Here are a few couplets: It was a great game. But a little time. The curtains we made.

By Jerry Gold.

Costing lives, money and valuables is an additional argument for the use of a safety deposit box in our fireproof vault. Rates low. You have your own key and no one can gain access but yourself, assuring absolute privacy.

## Bank of Canal Point

### CANAL POINT

Mrs. Math Sullivan returned to her home in Frostproof Sunday after spending several days last week with her daughter, Mrs. Pauline Louis.

Mr. and Mrs. Louis and C. H. Goolbsy spent the week end in Port Myers visiting relatives.

Mr. and Mrs. Dalton and Mrs. John Hatcher returned to their home Friday afternoon after spending several days last week in Mayo, Fla., visiting relatives.

The birthdays of G. G. and W. G. Williams were celebrated by their families Sunday, Feb. 8.

R. F. Lewis returned to his home Sunday after attending the funeral of his sister, Mrs. Charles Zeigler who died in Jacksonville Friday and was buried in Arcadia Sunday.

Grady and Leon Miller of South Bay spent Sunday at the home of Mr. and Mrs. W. G. Williams.

Mr. and Mrs. J. H. Santae have purchased the house and lot adjoining Mrs. Bergen and will enlarge it for a winter home. Charles Zeigler was the former owner.

Funeral services were held in West Palm Beach Wednesday afternoon for the body of Fred Emert, burial taking place in the cemetery there.

Dr. P. J. Schmidt of Palm Beach with his son, J. Oscar Schmidt, of Chicago, visited the Everglades Wednesday with a party of friends. In the party were Mr. and Mrs. Walter Work of White Bear Lake, Minn., and Mrs. A. J. Diamond of West Palm Beach.

J. W. Davis of Koolha, Iowa, Wm. C. Byrnes and John W. Kennedy of Chicago.

### UNION CHURCH

Sunday school, Y. P. U., Junior and senior branches, and the church are all functioning and making growth.

The choice and purchase of a piano is now uppermost in our minds. Ways and means are being discussed and will be announced as soon as decided upon. An interesting and inspiring meeting of church members was held Wednesday night.

The intermediate class of girls will give a Valentine party Friday to increase their membership.

Watch for announcements of our canny cakers. They are energetic workers and good cooks too. You should hear them in their Bible drills to appreciate them most.

Sunday school 10 a. m. and 8 p. m. Y. P. U. 6:30 to 8 p. m.

### BRIDGE PARTIES

Mrs. Clinton Colburn entertained at bridge Friday afternoon in honor of her guest, Mrs. Marshall of Boston. Mrs. Horace Hamrick was given a lovely painted dinner handkerchief as winner of high score, while Mrs. Goolbsy received a Valentine box of candy for consolation. Mrs. Marshall's gift was a colored glass try bowl. Delicious refreshments of strawberry

## C. P. HIGH SCHOOL

The girls basketball team of Canal point high school played Pompano high Friday afternoon, February 7th, at the Pahokee gymnasium over the Pompano mission by a score of 14-11.

Immediately after the boys' game the Pompano team returned to the teachers where they were served delicious sandwiches and punch. There were about 60 persons present.

Pompano played Pahokee teams Friday night. Miss Young refereed the game. Prof. Bishop, the boys'.

Much to the disappointment of the boys' team they had to play Pompano on the court at Pahokee. However, although playing on an unfamiliar court the boys played a good game—the score at the end of the game was 9 to 8. There was a three minute period to play off the tie, and during that time Pompano made a foul shot and defeated our boys two points.

The Canal Point basketball girls and boys will play a double header with Boynton Friday, February 14. The games will be played at the Canal Point court and will begin at 7:30 p. m. Judging from our acquaintance with Boynton we expect these games to be very interesting.

We are very glad to have C. L. Wilder back with us after his long absence due to a severe case of tonsillitis. He has been missing some very interesting discussions in civics class. We expect there to be more interesting ones that he is back.

We are sorry that Margaret Jones has not been able to return to school on account of a bad cold. However she is recovering rapidly and we hope to be able to send her presence again.

The Junior Red Cross sent 50 Valentines to the marine hospital at Key West.

Valentines to the marine hospital at Key West. The service rendered by the members of the Junior Red Cross has done much to give us.

We are now at work on a new one which will be brought before the society two weeks later. We are going to put in this our best material and when our purpose has been served here we are sending the same to headquarters in Wat

The fifth grade has been busy this week dramatizing the Heroes of the Revolution.

The fourth grade has been making booklets on nature work.

The fifth and sixth grades led chapel exercises one day this week and much interest was manifested in the Life of Lincoln.

The health nurse visited us Tuesday, but found little necessary to do.

Mr. Youngblood and his brother-in-law were visitors of the school Tuesday.

The county nurse, Mrs. Youngblood, visited the school Tuesday.

The Southern Sugar Company's basketball ball team and the Pahokee Panthers played a game of ball on the high school court last Tuesday night. The score was 16-17 in favor of the sugar company team.

The P. T. A. held a meeting at the school auditorium last Monday night at 7:30 for the purpose of making definite plans for the ninth month of school at Canal Point. A finance committee was appointed to make definite plans.

Donations will be received from outsiders, and the high school teachers agreed to teach for less during the last month, so there will not be so much to make up.

The 5th and 6th grades entertained at chapel Tuesday, February 11, with a Lincoln program.

Miss Miller spent the week end in Port Lauderdale, Elizabeth, Lower accompanied her and they report having had a very nice visit at the home of Mrs. Fenwick, a Port Lauderdale teacher.

Miss Miller had a tooth extracted Saturday morning.

Some of the pupils from Mr. Cox' room entertained at the P.

A. A. meeting Monday evening. On Wednesday morning the school attendance was 12. Educational picture shown in the auditorium. The admission was 15 cents. Thirty per cent of the proceeds went to the school.

Among the reels shown were pictures of the Grand Canyon, African jungles, Yellowstone park, zoo and the action of the human heart. The school received \$5 for the general fund.

### From Our Readers

Madisonville, Ky., Feb. 4, 1936.

To the Editor: Herewith find check for \$2.50 to advance my subscription for one year. I regret to report that Florida fruit is not as popular here this season as it formerly was. It seems that your people must have got fertilizing for the fruit is nothing like as sweet as in former years. A continuation of such policy will drive the Florida fruit out of our market entirely, for dealers will not order what they cannot sell.

Our people are not touring the southland this year as formerly; short of means.

My interests are in the Chosen section and I have never lost faith in the final success of that region. Success to you and your plan of selling the truth, the whole truth, and nothing but the truth. It will win.

Very truly yours, E. MCILROY.

### NOTICE TO TAXPAYERS

I will be at the following precincts for the purpose of receiving tax returns for the year 1935. I respectfully urge all taxpayers to meet me at my different appointments and make their returns.

# NEWS FROM AROUND THE BIG LAKE

## SOUTH BAY

Feb. 11.—The Everglades News met at the home of Mrs. H. T. White of Belle Glade Thursday afternoon, February 11, for the purpose of organizing a Women's Auxiliary of the American Legion Post No. 29 with headquarters at Belle Glade. The following are officers in the new organization, all of whom are charter members: Mrs. H. T. White, president; Mrs. Frank Rutledge, vice president; Mrs. D. C. McLeod, secretary; Mrs. E. C. Alston, treasurer; Mrs. W. C. Allen, captain; Mrs. W. C. Allen, sergeant at arms; Mrs. Ben Parker, historian. Besides these ladies there were present Mrs. Joe Harkins, Mrs. Alphonso and Mrs. Joe Friedman. The ladies' meeting will represent South Bay, Belle Glade, Shawnee and Chosen as Belle Glade has the only American Legion post in this vicinity at present.

N. E. Jones of West Palm Beach who is investigating the Glades as a possible place of investment was a South Bay visitor the latter part of last week.

Mrs. Frank Franz and two daughters were all sick in bed for several days last week but are much improved at present and are about and about.

Invitations are out for a Stork Shower for Mrs. Clarence Lee at the home of Mrs. Harry Mitchell on February 14th at 3 p. m. The hostesses on this occasion will be Mrs. C. P. Denton and Mrs. W. H. Rawle.

Louis Chancellors, son of John Chancellors, is the proud owner of a new Ford sedan.

Relatives of Mrs. Register of Six-Mile bridge were called to her bedside last week by her very low condition. She is reported to be unconscious much of the time and practically no hopes are entertained for her recovery.

Mrs. Thompson of Bean City just returned from a business trip to Miami.

Mrs. Frank Franz and J. M. Taylor filled a large order of pepper plants for Mr. Walker who is setting out a large acreage of spring crop.

E. L. Harty of Christmas was a visitor in South Bay one day last week.

Mrs. Jones, wife of our cafe owner, has just returned to South Bay from a trip to her home in Waycross, Ga. She reports a snow storm and extreme cold weather which as the "native son" of California often says, is very "unusual."

Al Smith, accompanied by his wife and party were in South Bay Friday en route to Cleveland where they were conducted through the sugar mill at that point.

Paul Jones, son of Mrs. C. W. Grogan of West Palm Beach, was a visitor in South Bay last Thursday.

D. H. Walker is kept very busy these days in putting in his spring garden.

The Women's Missionary Society of the Baptist church here will meet at the home of Mrs. Maude Hartline Thursday afternoon.

Mrs. John Hawkins was a Thursday afternoon caller upon

Mrs. Dean.

Mrs. and Mrs. H. Boree of Belle Glade were callers in South Bay last Wednesday.

Mrs. L. L. Hartline and son Eric, accompanied by Mrs. Beatrice Denton and Mrs. W. C. Allen have been attending the tent meetings in Belle Glade the last week.

Max Herritt was a visitor at the D. H. Walker home Friday.

The people of the Baptist church here organized a chapter of the B. Y. P. U. which meets every Sunday evening at the church. The officers have been elected: Officers: Ruby Crocker, president; Eric Hartline, vice president; Beatrice Denton, secretary and treasurer; M. D. Hardy, quiz leader; Julia Crocker and Dela Hawkins group captains. All young people of the church of twelve years and over are cordially invited to be present at these meetings.

The church people have recently installed a piano and Mrs. W. C. Allen is the owner of twelve song books which she hopes to have some rousing music and at their devotional services in the future.

C. C. Denton of South Bay was one of the fire losers in the disastrous fire which swept Belle Glade at sunrise Monday morning and which destroyed about half a block of business houses beginning in the 10-cent store and extending to the adjoining places of business. It is thought that the cause of the fire was due to defective wiring. A call was made immediately put in to Miami Telephone for the use of the fire apparatus and the fire was put out at that point. The response was immediate and it is due to the speed and energy of the fire department that he arrived in time to check the fire before it destroyed the entire block.

A representative of L. Maxey, Inc., of Prosserproof was in Lake Harbor Friday to see the present crop of tomatoes. The fire has been the growers as to the feasibility of locating a packing house at that point.

The various South Bay merchants are becoming more and more familiar with the fact that the hardware business is unusually good over there at present.

South Bay enjoyed a very nice rain Thursday night which has made gardens and lawns look fine and take a new lease on life.

The Ladies Aid of the Community church here held a regular meeting Tuesday, February 12th, at Mrs. Alice Mitchell at the home of Mrs. E. R. Forbes.

The various South Bay merchants are becoming more and more familiar with the fact that the hardware business is unusually good over there at present.

Frank Augustine of Ritta Island has received news of the death of his son who has been in Chicago recently. The mother and young brother of the new arrival are well known in South Bay as they spent some time here last spring while visiting Mr. Augustine.

Amongst the visitors of Okeelanta during the past week were the Beard and Brown families from the Miami canal. Lawrence and wife from Belle Glade, Ben Anjima and wife from West Palm Beach, Caruthers and family from Pahokee, the Harvey family from South Bay and Dr. Buck who made a professional visit to the bedside of Mrs. Anjima.

The Norton family returned from the Big Cypress somewhat sooner than expected to their home here. This makes the children's regular attendance at school again possible.

Bert Griggs, wife and daughter, returned, spent part of Sunday here with friends, leaving for their home in Moore Haven on Monday.

The Red Cross membership includes every taxpaying resident of the town at present, besides several others.

Mrs. Anjima was taken seriously ill the latter part of last week and is slowly recovering.

Avocados in Bloom

Avocado and mango trees in the park at the Canal Point spillway are blooming.

This may be all right, but it seems early for them to bloom. None of the residents recall that these trees ever before bloomed so early in the year.

There are many avocado trees in the area and report is wanted from the island as to whether the trees there are blooming and a report on the subject is wanted from Mayaca, also.

that it is the most convenient location to be obtained.

Mrs. C. W. Grogan of West Palm Beach was in South Bay recently visiting her brother, Frank S. Lee, and other friends.

W. H. Rawle is extremely busy these days wiring the residential section of South Bay for electric fixtures and lights.

T. Mode, manager of the International Harvester Company's branch at Miami, was a brief caller in South Bay Thursday.

The Red Cross roll call went over big in South Bay, so V. C. Denton, who is in charge of the entire upper Glades area, reports.

The Boy Scouts held their regular meeting on Wednesday evening at the school house.

Deputy Sheriff R. C. Fisher reports that the negro, N. P. Howard, whom he apprehended for forgery recently, has been tried and sentenced to two years.

Mrs. and Mrs. V. C. Denton made a business trip to West Palm Beach Friday.

The churches of the Community church will hold their regular practice at the home of W. H. Hartline, vice president.

Mr. and Mrs. Harry Mitchell accompanied by Mrs. W. H. Rawle and daughters Louise and Betty went to West Palm Beach the latter part of the week in order that they might have some dental work done.

Leighton Watson, brother of Harvey Watson, has just arrived in South Bay from his home in Indiana and intends to remain the balance of the winter.

Mr. and Mrs. C. P. Denton drove to West Palm Beach Thursday evening and entertained friends at the Arcade.

The Youth League of the Community church will hold its regular devotional meeting Friday evening at the auditorium of the school house. All young people of the community are cordially invited.

V. C. Denton who is managing his hardware store at present reports that the hardware business is unusually good over there at present.

South Bay enjoyed a very nice rain Thursday night which has made gardens and lawns look fine and take a new lease on life.

The Ladies Aid of the Community church here held a regular meeting Tuesday, February 12th, at Mrs. Alice Mitchell at the home of Mrs. E. R. Forbes.

The various South Bay merchants are becoming more and more familiar with the fact that the hardware business is unusually good over there at present.

Frank Augustine of Ritta Island has received news of the death of his son who has been in Chicago recently. The mother and young brother of the new arrival are well known in South Bay as they spent some time here last spring while visiting Mr. Augustine.

Amongst the visitors of Okeelanta during the past week were the Beard and Brown families from the Miami canal. Lawrence and wife from Belle Glade, Ben Anjima and wife from West Palm Beach, Caruthers and family from Pahokee, the Harvey family from South Bay and Dr. Buck who made a professional visit to the bedside of Mrs. Anjima.

Bert Griggs, wife and daughter, returned, spent part of Sunday here with friends, leaving for their home in Moore Haven on Monday.

The Red Cross membership includes every taxpaying resident of the town at present, besides several others.

Mrs. Anjima was taken seriously ill the latter part of last week and is slowly recovering.

## BELLE GLADE

Mr. and Mrs. McEwen had as their guests Sunday Mr. and Mrs. D. P. Hawkins of Lake Worth. The latter is Mr. McEwen's sister.

The Women's Club did well with their plate lunch served last Saturday at the Ford headquarters.

W. C. Deyo of the firm of W. C. Deyo & Bros., Inc., one of the largest produce companies of New York, was a Belle Glade visitor the first of the week. He was a guest of H. L. Douglas who has dealt with him for a number of years.

Mrs. S. E. Campbell and Mr. and Mrs. Jesse Campbell spent the week end in Fort Lauderdale.

John R. Hoch, pastor of the Community church of Belle Glade and South Bay, received a letter this week from District Superintendent Schuyler E. Garth, with the information that the Livingstone board of Jacksonville, has granted \$2,000 toward the building of a church on each of these places. It is planned to build structures of the Spanish type containing the main altar and a side altar to be used for various activities. It has taken a long time to secure this grant, but that a creditable building is assured the people of each community should rally to the support of the organization and help secure an institution comparable to the one of the town in other ways.

New arrivals at the tourist camp include Mrs. Thelma Trier and son who is employed at the Ferguson filling station; Mr. and Mrs. W. E. Carruth, Jr.; Mrs. L. A. Morris, the former being employed by H. L. Douglas, and Mr. and Mrs. H. L. Douglas, who are working for the State Road Department.

H. J. Harris is installing a new front in his dry goods store to include large plate glass windows and gable transoms.

Mr. L. T. Crouch, Jr., Mrs. J. L. Lawrence, Mrs. Allen Greer and Miss Susan West Palm Beach Police officers Friday.

The Community M. E. church holds services at 9:15 a. m. and preaching service at 7:30 p. m. Next Sunday the pastor, John R. Hoch, will present the second of a series of sermons on the general theme of "Jesus, as Judged by His Enemies." A special offering will be taken in Sunday school for the relief of the Chinese who are suffering so terribly because of the prevalent famine. Other contributions may be handed to Mr. Brodgen for this fund.

The various South Bay merchants are becoming more and more familiar with the fact that the hardware business is unusually good over there at present.

South Bay enjoyed a very nice rain Thursday night which has made gardens and lawns look fine and take a new lease on life.

## CHEVROLET DRIVEN IN ENDURANCE TEST

On the verge of collapse, though refusing to give up until the hand of his watch told him he had completed 100 continuous hours of driving. "Degrade," Jack Derby on Saturday, Feb. 8th at 5 o'clock p. m. finished his grueling test of human and mechanical endurance before a crowd estimated at 3,500 persons.

The finish of the 100-hour non-stop drive occurred promptly at 5 o'clock in front of The Post building in West Palm Beach. Thousands of persons had blocked the street for an hour in anticipation of the up-surge of Derby's endurance run, and as the Chevrolet sedan drove into sight with Derby still behind the wheel, grim and grumpy, there were muffled cheers for the man whose strength and stamina had been so definitely proved.

Derby brought the car to a halt—the first time it had stopped its continuous movement since last Tuesday afternoon, Feb. 4th at 1 o'clock and as he cut off the motor, slumped back into his seat, exhausted.

Wearily after his matchless drive, Derby fell into a deep sleep, even while hundreds crowded about his car. His face was swollen, his eyes behind the amber glasses which he had worn since the second day of the drive, were bloodshot, his respiration was irregular, but his blood pressure, extremely high, according to the nurse who accompanied him, was in the last hours of the drive.

From the street in front of The Post building where Derby brought his record drive to an end, the car was rolled into a parking lot adjoining the Post building, where Police Officer D. A. Spikes unchained the handbrake which had held the driver to the steering wheel through four days, four nights and four hours, allowing his left hand to fall free for the first time in 100 hours.

The exhausted driver was shifted to the right-hand side of the drivers seat and another replaced him beneath the steering wheel, placing the car to the Chevrolet's laboratory, 1613 South Dixie, where it was officially checked and several seals which had been placed on the radiator and oil tank were broken.

During the 100 hours of continuous driving, the Chevrolet sedan used three gallons of oil, and one pint of water, it was "announced after radiator and crank case had been drained and their contents measured.

It also was announced that the car had averaged 23.7 miles per gallon of gasoline.

The speedometer, which had been masked, was checked and it was found that the car had traveled 2,111 miles during the 100 hours.

Considering the fact that this drive was unusually difficult, because of the wide area covered, officials of the Chevrolet organization reduced the record exception—accounted for by the fact that the drive extended from Fort Lauderdale on the south to Melbourne on the north, and that on the open stretches of highway Derby had "opened his eye" particularly during the last 24 hours of his drive.

During Monday the car and the driver were at James & Southard Chevrolet showrooms, on South Dixie highway, throughout the day.

Fully following the inspection of his car by James & Southard officials, was taken to a hotel near the hotel for a 24-hour sleep.

NEW LOCK AT FT. THOMPSON NOW BEING RECONSTRUCTED

Glades County Democrat.

With the material now on hand for the reconstruction of Fort Thompson lock in the Indian canal a few miles above LaBelle, the actual building will begin this week, according to Fred Flanders, assistant engineer of the Everglades drainage district, who is in charge of the work. This lock is known as lock No. 3 of the drainage project.

It is expected that about sixty days will be required to restore the lock, which was destroyed during the high waters of 1925. The lock has never been completely rebuilt since that time.

The reconstruction of the lock is a part of the work of the Everglades drainage district since the Indian canal is one of the most important features in the proper drainage of a large portion of Glades county and other parts of the Everglades section.

New Hardware Store By Moore Haven Man

A stock of household hardware has been placed in D. E. Crocker's building in Pahokee by Errol J. Stew of Moore Haven, who this week opened the store for business under the management of Robert Holman, his brother-in-law. The location is in the block in which is the Bank of Pahokee, W. H. Armstrong's office, Mr. Holman, the manager of the new store, is from New Orleans, La.

## Good Will--

is the disposition of a customer to return to the place where he has been well treated."

—U. S. Supreme Court.

SINCE the day the Palm Beach Mercantile Co. opened back in 1894, it has striven to maintain the Good Will of its patrons along the exact lines of this definition by the United States Supreme Court. It has been our constant aim to treat every customer so courteously and fairly that he or she will make this "Big Store" the headquarters for all of his or her purchases.

In quality, price and service we have striven at all times to out-distance competition, and we have succeeded. It is because we have the Good Will of thousands that this institution continues to grow and to prosper. You are assured, always, of the kind of service that inspires Good Will.

Practical Jokers To Use Our Waupee

Waupee, a native Everglades product, is getting as much publicity as the Southern Sugar Company's Clevermint, due to publication of the request of A. N. Doerschuk, a Kansas City druggist, for a sample. C. Greenwood complied with the request, as also did Carmen Salvatore of Pahokee, and then came the question, What does Doerschuk want? An answer came: "I want to know what that question means to me to that question seems to come that request."

from an item in the Kansas City Journal Post of February 7. "A piece of waupee root," says the Kansas City daily, "will be of inestimable value to the practical jokers' trade, for when a person bites into it his mouth gets so hot that even his language is melted."

The root is referred to in the article as "Florida calamus," but that isn't definite enough to Mr. Doerschuk; he still wants to know what the botanical name is in Latin and so far no sawgrass Cracker has claimed the credit necessary for compliance with that request.
